

As a people whose faith is formed and nourished by the Bibles stories of creation and fall, salvation and redemption, Christians hunger to order their lives by the churchs story and their own. Our journey to God leads us through the cycle of the church year - from Advent and Christmas to Easter and the season called ordinary time - as we tell and retell Gods story and make it the story we live by. Westerhoff looks at the gospel texts season by season, retelling their teachings not only to Christian life and ministry but to the life cycle of childhood, adolescence, and adulthood.
