

Lawrence Busch is University Distinguished Professor of Sociology and Co-Director of the Center for the Study of Standards in Society at Michigan State University. Dr. Busch's current interests include the use of standards in public and private policy making, biotechnology and nanotechnology policy, agricultural science and technology policy, higher education in agriculture, and public participation in the policy process. He has been on the faculty at the Norwegian University of Science and Technology, Lancaster University (UK), and what is now the Institut de Recherche pour le Développement (IRD)(France). He is (co)author or (co)editor of twelve books as well as more than 150 other publications. He is past president of both the Rural Sociological Society and the Agriculture, Food, and Human Values Society, a fellow of the American Association for the Advancement of Science, a Chevalier de l'Ordre du Mérite Agricole and an elected member of the Académie d'Agriculture de France.

Cobras (Snakes Discovery Library) (Spanish Edition), Beneath the Black Water: The Search for an Ancient Fish, Ants and Some Other Insects: An Inquiry Into the Psychic Powers of These Animals, with an Appendix On the Peculiarities of Their Olfactory Sense, Cats Book - The Concise Cat Owners Manual, Tuna: Physiology, Ecology, and Evolution, Volume 19: Physiological Ecology and Evolution (Fish Physiology), Mexican Eyeless Characin Fishes, Genus Astyanax: Environment, Distribution, and Evolution (Special Publications), Physical Chemistry of Macromolecules: Basic Principles and Issues, Timaios of Locri: On the Nature of the World and the Soul (Graeco-Roman Religion Series), A Retreat with Thomas Merton, Implementing Early Intervention: From Research to Effective Practice,
