

Information on the biology of ants and various techniques for studying ants is included. An extensive chapter on ant identification forms the bulk of this handbook with keys to worker ants, queen ants and male ants accompanied by colour and b/w plates. A quick-check field key is also included for use in the field. 978-1-907807-60-2 is a 2013 reprint of the paperback first edition.

Field Identification Guide to the Living Marine Resources of the Eastern and Southern Mediterranean (FAO Species Identification Field Guides), The Ocean Environment Lab Manual, Bioanalytical Chemistry, The Big Christmas Present, Special Relativity: From Einstein to Strings, Continuous-Flow Fast Atom Bombardment Mass Spectrometry,
