

For the first time ever, friends and wizardly partners Nita Callahan and Kit Rodriguez seem to be having trouble communicating. What should have been a minor disagreement about a complex spell they've been working on suddenly escalates into a full-fledged fight that leaves them unwilling even to talk to each other. Is it adolescence that's tearing them apart, or something more profound? Wanting to put some distance between her and Kit, Nita breaks away to work on her own for a while -- and then is jolted by a terrible and unexpected blow as her mother falls ill and is rushed into the hospital. What's even more horrifying for Nita than the mere fact of her mother's illness is the possibility that nothing -- not surgery, not even wizardry -- will be able to keep her mom alive. But Nita refuses to let her mother go down without a fight. Soon she's on a mission to seek her mother's cure: a journey that takes her across universes, and out of them, to the only place where she can learn the skills that may help her save her mother's life. What she doesn't foresee is the terrible way in which this journey will once again bring her face-to-face with the Lone Power, the source of all death in the universe. That Power has been Nita's worst enemy since she first started her practice of wizardry. Now, though, the Lone One and the bargain it offers her may be her mother's only hope.... The fifth volume in Diane Duane's classic Young Wizards series is now available in an International ebook edition for series fans outside the US and Canada.

Wildflowers Book, The place of the elementary calculus in the senior high-school mathematics Volume 117; and suggestions for a modern presentation of the subject, Clouds in the Perturbed Climate System: Their Relationship to Energy Balance, Atmospheric Dynamics, and Precipitation (Strungmann Forum Reports), Memorial address on the life and character of Abraham Lincoln delivered at the request of both houses of the Congress of America, before them, in the ... at Washington, on the 12th of February, 1866, How to train a yearling horse: Preparing a horse for its first ride, Take the Red Pill ...and Cure Global Warming, Saltwater and Freshwater Fish Double Bridge Card Game (Natural World Playing Card Collection), Comparative Psychology of Mental Development (Foundations of Psychology),
